

# Royal Park / North Melbourne - 3.4km Return - Easy

**Start/End Point:** Cemetery Road West/Royal Parade. Tram 19, Stop #14. (Alternative start/end at Melrose St/Flemington Rd, Tram 59 & 57)

**Walk Description:** This is a beautiful 3.4km return loop walk that takes you to the best spots in the park. This walk has many spots to stop and rest, take photos, study native flora or to watch dogs run around in the grasslands at the centre of the park. The trail that I have mapped out is designed to guide you towards all the beautiful spots and to keep you away from the noise of the road and busy trails. There is so much freedom on this walk so I encourage you to explore in your own way if you wish to.
